

I stongly support the arrl patition to reconstruct the amateur radio
licensing to NOVICE,GENEARL,EXTERA.. i ALSO feel that the Code sould be dropped
to use HF bands, other conuntys are doing away with it and so is the military
service.. Five word code should be kept for the extra class license. Please take
action to put the ARRL patition
into action this will bring in a lot of new amateurs to the hobbie
